

# Plans for the Future

Bathymetry Efforts

Flood Inundation Projects

New Multi-Beam Applications

Program directions – Driven by our SSP

- Water Use/Water Availability – Water Smart
- Energy/Water Demands
- Hazards

What are your needs?

# Partner Q/A

## First Kentucky Hydrologic Monitoring Network

- Would you like to keep having these meetings annually?
- Do we need a larger ( 2 day) more detailed meeting in the future? Rotate site?
- What else would you like to see at this meeting?
- Is the KY WSC meeting your needs?
- Do we need a meeting focused on ground-water and water-quality monitoring networks?
- Did you learn something NEW today at the USGS that you did not know before?
- Action Items , Recommendations & Wrap-up

# Questions?

*I wish I had  
looked at the  
USGS Real-  
Time  
Streamgages !*
